MANJESH VERMA

Software Developer | Python & Automation

Indore, India | +91 7400667713 | manjeshverma124@gmail.com | linkedin.com/in/manjesh-verma | portfolio-manjesh.netlify.app

PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience building backend systems and AI-powered automation platforms with Python, FastAPI, NestJS and PostgreSQL. Led an eight-service microservice architecture, achieved a 70% reduction in API response time through OAuth migration, and built RAG and local-LLM solutions with OpenAI, Ollama and Llama 3. Strong in REST APIs, third-party integrations (QuickBooks, Meta, Google, TikTok) and real-time systems.

TECHNICAL SKILLS

Languages: Python, SQL

Backend: FastAPI, Next.js, REST APIs, Microservices, Socket.IO

AI / LLM: Ollama, Llama 3, OpenAI APIs, RAG

Databases: PostgreSQL, Supabase

Tools & Platforms: Docker, ADB, Web Scraping, Netlify, Git

AI Tools: Antigravity, Cursor, Claude

PROFESSIONAL EXPERIENCE

Software Developer **Sep 2025 – Present**

Shanti Infosoft LLP, Indore, Madhya Pradesh

ShantiDM – Social Media Automation & Engagement Platform

- Developed a platform to automate Instagram and Facebook comments, replies and DMs, connecting 20+ Facebook Pages through Meta account integration on a centralized dashboard.
- Automated 100+ comment replies and 50+ DMs using keyword-triggered, rule-based workflows.
- Built a visual flow editor for triggers and actions (keyword detection, public reply, private DM) supporting post-specific automation and automation for future/upcoming posts, plus comment management, conversation threads and an activity dashboard.

Barbarossa – Social Media Automation Engine

- Architected a high-concurrency backend to orchestrate and monitor 5+ parallel Android devices/emulators through ADB daemon sockets.
- Built an automated account provisioning pipeline for phone-number allocation, OTP retrieval, validation and automatic blacklisting on failure.
- Integrated local LLMs with asynchronous workers to analyze post metadata and generate persona-specific engagement content.
- Designed a resilient UI automation engine using XML hierarchy parsing and OCR fallbacks; built a low-latency real-time screen streaming service and automated like/comment workflows on YouTube, Facebook, Instagram and TikTok.

  Tech Stack: Python, FastAPI, PostgreSQL, ADB, Ollama, Llama 3, Socket.IO

Software Developer **Jul 2023 – Aug 2025**

FxBytes Technologies Pvt. Ltd., Indore, India

GB Marketing – AI-Driven Ad Campaign & Ad Creation Platform

- Built a platform to create and automate ad campaigns across Google, YouTube, Twitter/X, Facebook and TikTok, plus a Virtual Influencer Generator (Creatify AI APIs) for AI-influencer promo videos.
- Led development of an eight-service microservice architecture (API Gateway, Ad Management, Auth, Social Media Auth, Messaging, Notification, Shared Entities, User Management) using event-driven and REST communication.
- Migrated social media integration and ad publishing to secure OAuth flows, achieving a 70% reduction in response time and 10% lower memory usage.

  Tech Stack: NestJS, Python, PostgreSQL, TypeORM, Microservices, REST APIs, OAuth

RAG Chatbot on PostgreSQL – LLM-Powered Conversational Data Search

- Built a Retrieval-Augmented Generation app using PostgreSQL as a vector store with hybrid (full-text + vector) search for natural language Q&A over enterprise-scale tabular data.
- Implemented LLM query rewriting via OpenAI function calling with few-shot prompts to improve search precision and extract structured filters.

  Tech Stack: PostgreSQL, OpenAI API, Local LLMs, Embeddings, Hybrid Search

QuickBooks Integration – Financial Data Sync & API Development

- Developed REST APIs integrating QuickBooks Online (Payments, Items, Accounts, Invoices, Customers, Credits) with OAuth 2.0 and token refresh flows.
- Automated two-way data sync with internal systems, reducing manual bookkeeping effort by 80%.

  Tech Stack: QuickBooks Online API, REST APIs, OAuth 2.0

EDUCATION

Bachelor of Computer Applications (BCA) **Aug 2019 – Jun 2022**

Shri Gujarati Samaj College, Indore

CERTIFICATIONS & INTERNSHIP

- Microsoft Azure Architect
- Data Analytics Internship
